Go to the sign-in desk and receive an intake form. Fill out the intake form and return to the sign-in desk. You will then wait to be called to a "return prep" station. Once your return prep is done, you will be escorted to the quality control desk, which completes your process.

OTHER FEATURES

A Children's Play Area is available to parents who wish to leave their children in quality care while they complete their return prep process. There will be coloring books, crayons, and light refreshments available for the children during that time.
